

**Position Open: Postdoctoral Fellow at Hokkaido University
Institute for Chemical Reaction Design and Discovery (ICReDD)**

The Institute for Chemical Reaction Design and Discovery (ICReDD), Hokkaido University, as a global research center based on the "World Top Level Research Center Program (WPI)," constructs an international research environment which gathers world-leading researchers and establishes a research environment that integrates computational, information and experimental sciences, in order to establish a new academic field "Chemical Reaction Design and Discovery", to provide substantial knowledge on chemical reactions that efficiently develop chemical reactions and materials for the future necessity, and to sustainably cultivate human resources engaged in the field of "Chemical Reaction Design and Discovery".

We are inviting applications for the position of Postdoctoral Fellow (List group), Institute for Chemical Reaction Design and Discovery, Hokkaido University as follows.

1. Name of Recruiting Institution

National University Corporation Hokkaido University

2. Position and number of openings

Postdoctoral Fellow, 2 openings

3. Employment Term

One year from the starting date

(Renewal of appointment may be offered up to 3 years from the starting date.)

4. Department

Institute for Chemical Reaction Design and Discovery

5. Location

Sapporo, Hokkaido (Hokkaido University)

6. Research Field

Asymmetric catalysis

7. Job description

The Postdoctoral Fellow will conduct research in the area of asymmetric catalysis, promoting integrated research in computational, information and experimental sciences.

(1) Chiral Lewis and Brønsted acid catalysis

(2) Asymmetric Counteranion Directed Catalysis (ACDC)

(3) Catalyst design using quantum chemistry and chemoinformatics

8. Qualifications

(1) PhD degree(s) at the time of appointment

(2) Outstanding achievements and publications in the field of synthetic chemistry

(3) Strong motivation for research and other duties related to the management of the ICReDD

(4) Efficient communication skills in English for research activities

(5) Ability to conduct research activities effectively with PI in a team

(6) Strong motivation to actively engage in new integrations with different fields

19. Others

• At Hokkaido University, we actively promote both education and research while fostering diverse human resources and gender-equality. Therefore, we explicitly invite women qualified in this research field to apply.

• As a measure to increase the percentage of female researchers at the University in accordance with Article 8 of the Act on Securing, Etc. of Equal Opportunity and Treatment between Men and Women in Employment, priority will be given to women if they are recognized as having the same competence required for the job based on a fair evaluation.

• The Promotion office of Research environment for Diversity of Hokkaido University is working to promote a research environment in which diverse human resources can play an active role, focusing on human resource development for female researchers and support for balancing research activities and family life. For more information, please visit the Promotion office of Research environment for Diversity website at the following URL.
